TIPS FOR TRAVELLING WITH KIDS

Encourage them to keep a travel journal — Get your kids drawing and listing things they've seen and interesting foods they've tried. Who knows, this might also encourage them to try different foods. Collecting postcards from places you visit and asking them to write themselves a message on the back means they can reach adulthood with a library of memories all their own.

Just a few reminders...

- All participants must have a completed registration card, with parent signature, on file.
- Participants in the Teen Program may enter and leave the Beach House at will. We do not require teens to sign in/out.
- Participation in any physical activity is at the passengers' own risk.
- Outdoor activities are weather permitting.
- Beach House Teen activities are subject to change without prior notice.

for ages 13 – 17

Welcome to The Beach House! Together with Discovery Communications, we've created a surf-themed space just for you.

Here you can do whatever you like. Go full-on Scream Queen on Scary Movie Night, and bring out the star in you in our Karaoke Night. Play to win in video game tournaments and dance competitions. Come and make new friends with teens from across the globe.

Your time, your place, your choice!
